Hiring Team
Manulife (AI Co-op, 12 Months)
Toronto, ON

Re: Winter Co-op 2027 - AI (12 Months)

Dear Hiring Team,

I am writing to apply for the Winter Co-op 2027 - AI (12 Months) position at Manulife. As a third-year Computing Science co-op student at Thompson Rivers University, I'm drawn to the longer term as a chance to build real depth on one team.

As Co-Founder of InferenceSaver and BecomeAfish, I've built and operated production AI and full-stack platforms end to end, InferenceSaver processing \$5.6K+ across 129 users, including diagnosing and fixing a Stripe webhook idempotency defect affecting live transactions.

My internship with the City of Merritt further developed my enterprise IT fundamentals, including a full REST API runbook built through hands-on testing and managing 163 IT tickets.

I would welcome the opportunity to discuss how my applied AI experience could contribute to your team over this longer term.

Thank you for considering my application.

Sincerely,

Mandeep Singh
