Re: Short Term 2027 Software Engineering Intern/Co-Op

Dear Hiring Team,

I am writing to apply for the Short Term 2027 Software Engineering Intern/Co-Op position at AMD in Vancouver. As a third-year Computing Science co-op student at Thompson Rivers University, I'm excited by the chance to contribute to AMD's software engineering team.

As Co-Founder of InferenceSaver, I've built and operated an AI API gateway and multimodal generation platform serving 129 registered users and processing \$5.6K+, including model integration and diagnosing a Stripe webhook idempotency defect.

My internship with the City of Merritt further developed my systems fundamentals, including a full REST API runbook built through hands-on testing and managing 163 IT tickets.

I would welcome the opportunity to discuss how my engineering experience could contribute to your team.

Thank you for considering my application.

Sincerely,

Mandeep Singh
