Hiring Team
AMD (Various Co-op Positions)
Vancouver, BC

Re: Various Co-op Positions, Start Dates and Locations

Dear Hiring Team,

I am writing to apply for co-op opportunities at AMD across available start dates and locations. As a third-year Computing Science co-op student at Thompson Rivers University, I'm drawn to the chance to build software at the scale of a leading semiconductor company.

As Co-Founder of InferenceSaver, I've built and operated an AI API gateway and multimodal generation platform serving 129 registered users and processing \$5.6K+, including model integration and diagnosing a Stripe webhook idempotency defect.

My internship with the City of Merritt further developed my systems fundamentals, including a full REST API runbook built through hands-on testing and managing 163 IT tickets.

I would welcome the opportunity to discuss how my engineering experience could contribute to your team.

Thank you for considering my application.

Sincerely,

Mandeep Singh
