Hiring Team
BDO Canada LLP (Technology - BizApps)
Toronto, ON

Re: Co-op or Intern, Technology - BizApps (January 2027)

Dear Hiring Team,

I am writing to apply for the Co-op or Intern, Technology - BizApps (January 2027) position at BDO Canada LLP. As a third-year Computing Science co-op student at Thompson Rivers University, I'm drawn to the chance to support business applications in a professional services environment.

As Systems Analyst Intern with the City of Merritt, I managed 163 IT tickets spanning business application support, access management, and hardware, and built a full CityWide REST API runbook through hands-on testing.

As Co-Founder of BecomeAfish and InferenceSaver, I've built and operated production software platforms end to end, giving me a well-rounded technical foundation.

I would welcome the opportunity to discuss how my business applications experience could contribute to your team.

Thank you for considering my application.

Sincerely,

Mandeep Singh
