Hiring Team
Nokia (SW Tools Development)
Ottawa, ON

Re: SW Tools Development Co-op/Intern

Dear Hiring Team,

I am writing to apply for the SW Tools Development Co-op/Intern position at Nokia. As a third-year Computing Science co-op student at Thompson Rivers University, I'm drawn to the chance to build internal tooling that supports engineering teams at global scale.

As Systems Analyst Intern with the City of Merritt, I built a full CityWide REST API runbook through hands-on curl and PowerShell testing, and managed 163 IT tickets spanning tooling and systems support.

As Co-Founder of InferenceSaver, I've built and operated backend API infrastructure for a live platform processing \$5.6K+ across 129 users, including diagnosing a Stripe webhook idempotency defect.

I would welcome the opportunity to discuss how my tooling and systems experience could contribute to your team.

Thank you for considering my application.

Sincerely,

Mandeep Singh
