Northland Properties
Vancouver, BC

Re: Co-Op IT

Dear Hiring Team,

I am writing to apply for the Co-Op IT position at Northland Properties. As a third-year Computing Science co-op student at Thompson Rivers University, I'm drawn to the chance to support IT across a diverse, multi-brand hospitality and real estate company.

As Systems Analyst Intern with the City of Merritt, I managed 163 IT tickets, with 135 completed, spanning Windows troubleshooting, application support, access management, and hardware, and built a full CityWide REST API runbook through hands-on testing.

As Co-Founder of BecomeAfish and InferenceSaver, I've also built and operated production software platforms end to end, giving me a well-rounded technical skill set spanning both IT support and software engineering.

I would welcome the opportunity to discuss how my IT support experience could contribute to your team.

Thank you for considering my application.

Sincerely,

Mandeep Singh
