Re: Various Co-op Positions - Winter 2027 and Summer 2027

Dear Hiring Team,

I am writing to apply for co-op opportunities at QuadReal's head office for Winter 2027 and Summer 2027. As a third-year Computing Science co-op student at Thompson Rivers University, I'm drawn to the range of technology roles across QuadReal's real estate operations.

As Systems Analyst Intern with the City of Merritt, I managed 163 IT tickets spanning systems support and access management, and built a full CityWide REST API runbook through hands-on curl and PowerShell testing.

As Co-Founder of BecomeAfish and InferenceSaver, I've built and operated production software platforms end to end, giving me a well-rounded technical foundation across IT and software engineering.

I would welcome the opportunity to discuss how my background could contribute to your team.

Thank you for considering my application.

Sincerely,

Mandeep Singh
