Hiring Team
Scotiabank (Trade Floor Technology Consultant, Req 59052)
Toronto, ON

Re: GBM - Trade Floor Technology Consultant Internship/Co-op

Dear Hiring Team,

I am writing to apply for the GBM - Trade Floor Technology Consultant Internship/Co-op position at Scotiabank, Summer 2027. As a third-year Computing Science co-op student at Thompson Rivers University, I'm drawn to the chance to support technology in a fast-paced trading environment.

As Co-Founder of InferenceSaver, I've built and operated backend API infrastructure for a live platform processing \$5.6K+ across 129 users, including diagnosing and fixing a Stripe webhook idempotency defect under real transaction load.

My internship with the City of Merritt further developed my systems fundamentals, including a full REST API runbook built through hands-on testing and managing 163 IT tickets.

I would welcome the opportunity to discuss how my technology and systems experience could contribute to your team this Summer 2027 term.

Thank you for considering my application.

Sincerely,

Mandeep Singh
