Hiring Team
Shoppers Drug Mart Pharmaprix
Toronto, ON

Re: Data Analyst Co-op Student

Dear Hiring Team,

I am writing to apply for the Data Analyst Co-op Student position at Shoppers Drug Mart Pharmaprix. As a third-year Computing Science co-op student at Thompson Rivers University, I'm drawn to the chance to work with data at the scale of a national retail pharmacy network.

As Systems Analyst Intern with the City of Merritt, I managed 163 IT tickets spanning data and access systems, and built a full CityWide REST API runbook through hands-on curl and PowerShell testing.

As Co-Founder of InferenceSaver, I've built and operated backend data and API infrastructure for a live platform processing \$5.6K+ across 129 users, including diagnosing a Stripe webhook idempotency defect.

I would welcome the opportunity to discuss how my data analysis experience could contribute to your team.

Thank you for considering my application.

Sincerely,

Mandeep Singh
